Better Blooming Bulbs

HEBERLING'S GLADIOLUS

Corn Belt Grown

J. H. HEBERLING

RECEIVED
★ NOV 23 1931 ★
U. S. Department of Agriculture.
EASTON, ILLINOIS

TO OLD CUSTOMERS

Many thanks for your orders last Spring. Here is hoping that you have had good results with the stock you purchased of me (as many have whom I have heard from) and to assure you that I stand back of my stock ready to make good should the fault be mine. And further, that I may have the pleasure of again serving you.

TO NEW CUSTOMERS

I am offering the best in exhibition, rare and standard Gladiolus that I believe, without exaggeration I can call them SUPER bulbs and you will agree with me when you receive your order. Send in your order early to avoid disappointment and I will ship same near November 20th (unless directed to hold until Spring) and if you are not more than satisfied with quality of stock, count and extras return it promptly and I will cheerfully refund your money.

HOW STOCK IS GROWN

First, all stock is treated with Semesan before planting, to insure healthy, vigorous bulbs. All planted on new clover sod soil on which Glads have never before been grown.

KIND OF STOCK PLANTED

With the exception of a few large bulbs for exhibition, I plant only No. 5 and No. 6 stock and bulbets to insure young, healthy, vigorous stock for my customers. I offer practically all virgin bulbs. Full of beauty, life and vitality.

WHAT I HARVEST AND SHIP TO CUSTOMERS

Bulbs, plump, high crowned and clean. The kind that win the prizes. The kind you like to buy.

WEATHER

This season the country over has been rather spotted, some places hot and some dry weather and much hot weather as a general rule, but central Illinois has had quite a liberal amount of seasonable rains and to make sure of a good crop I added to my Skinner Irrigation System and as a consequence have a fine quality of young bulbs to offer this Fall.

Annual Fall Sale

This season I am not spending so much money for magazine advertising and not so much for exhibition at shows for the reason that both are rather expensive but am following the policy of giving my customers more for their money with this reduced overhead and which I believe will be a mutual advantage this season. You will note that some of the new originations have very attractive prices.

ALL ORDERS PREPAID. NO ORDERS ACCEPTED FOR LESS THAN \$1.00

All STOCK true to name. Should any prove otherwise I will gladly replace or refund money. All stock clean and disease free.

If any stock received from me does not meet with your approval, if you will promptly return same I will gladly refund your money.

EXTRAS AND COUNT

You will find I am very liberal with my high grade extras. My policy being to include extras of higher grade than order if possible. You will also find my count liberal.

DISCOUNTS. (CASH WITH ORDER)

Orders of \$ 5.00 to \$ 15.00 a discount of 10 per cent in bulbs of your selection.
Orders of \$ 15.00 to \$ 40.00 a discount of 15 per cent in bulbs of your selection.
Orders of \$ 40.00 to \$100.00 a discount of 20 per cent in bulbs of your selection.
Orders of \$100.00 to \$250.00 a discount of 25 per cent in bulbs of your selection.

TERMS

You may order now and send 20 per cent of order in cash and balance cash or C. O. D., November 20th, and take advantage of one-half of above discounts, or you may send 20 per cent of order in cash and balance cash or C. O. D. March 15th, next, without discounts. Extras in all orders.

SHIPMENT

November 20 to December 15th, or as near that date as possible. Orders filled in order received. I do not substitute without your approval but advise early orders as much of the rare stock I am offering is yet very limited in supply and will be the first to be sold out. **ORDER THEM EARLY TO AVOID DISAPPOINTMENT!**

NEW PRICES

It is always difficult at the first of the season to know exactly what prices to make on some varieties. We try to work out in fairness to the buyers and growers and this price list is the result. Permit me to say however, that should any of my prices appear out of line after general publication of prices, I will see that additional bulbs are included of the varieties ordered to make compensation for same. Send your order in at once and don't worry about prices. J. H. will always give you your money's worth. Money back if you are not satisfied.

PRICES

Three or six at dozen rate. Twenty-five at the 100 rate.
Two hundred and fifty at the 1000 rate.

SIZE

No. 1—1½ inches and up.	No. 4—¾ inch to 1 inch.
No. 2—1¼ inches to 1½ inches.	No. 5—½ inch to ¾ inch.
No. 3—1 inch to 1¼ inches.	No. 6—¼ inch to ½ inch.

CASH DISCOUNT SPECIAL FOR SEPTEMBER ONLY

A special cash discount of 5% will be allowed on all cash orders received in the month of September. This is a special advantage for early buying. Early orders will practically assure your getting all the items included in your order. These discounts, however, do not apply on the three special sets of bulblets listed herein, as already a very liberal discount has been allowed.

<p>The most outstanding variety I know exhibited in 1930 and its bloom this year has more than verified my high opinion of it. Tall, straight spike with beautifully wide open, well-shaped florets, 5 to 6 inches across, well spaced and of excellent placement and I believe the greatest light pink ever introduced. Florets have excellent substance. It is my opinion that the demand will much exceed the supply for many years. It appears to do well in all climates.</p>

BIG VALUE OFFER

I am prompted to make this remarkable offer for three reasons:

FIRST: To encourage distribution of the better and newer varieties which, when once seen, will be in immediate demand.

SECOND: This offer is particularly to my old customers in appreciation and consideration of their past liberal orders.

THIRD: To secure discriminating NEW customers who are interested in only the best in Glads.

(Once a customer of J. H., always a customer. Try it!)

These varieties are selected by me as being the best and most outstanding of the world's newest originations.

The newest and best while they are newest and best.

This is a splendid opportunity for the amateur to secure these desirable new ones at a very reasonable price and for the young professional grower to get an early start of the greater ones of the future. They should make you money. If you should purchase a like amount of large bulbs of these same varieties they would cost you more than \$500. Think it over, (but don't think too long) and then say it with an order. Thank you.

SPECIAL OFFER

I offer ONLY 100 of these sets at this price and ONLY one set to each customer. First come first served.

All bulblets are especially hand selected as to size and soundness and all are guaranteed true to name and disease free. Liberal count.

Discounts do not apply to these sets.

PRICE \$19.75 **BIG BLUE RIBBON** **Actual Value \$35.00**
Special bulblet set No. 100. Varieties listed by color

WHITE

	Bulblets

"J. H. Heberling, Easton, Illinois.

New York, Dec. 10, 1931

Dear Sir: Received the package of bulblets ordered from you last Fall. Have always had exceptional luck with your bulblets. I now have some very fine bulbs of choice varieties that were grown from bulblets bought from you two years ago. Would rather buy bulblets of outstanding varieties, wait two years and have a good spike than buy No. 1 bulbs of the new varieties. My experience has been that it pays to buy bulblets from a firm that has a reputation behind it. I have never had one of your bulblets that has not been true to name when it has bloomed. Cannot say the same where I have ordered some other places and thought I was saving money. Very truly yours, H. N. R."
